**Subject:** Supplemental Type Certificate **SH07-26, Issue 2**

This Supplemental Type Certificate (STC) is issued in response to an application submitted by Avionics Design Services Ltd.

The transfer of these documents in the name of another person requires a prior approval from the Minister in accordance with section 513.25 of the Canadian Aviation Regulations (CAR).

The certificate holder should be advised that the provisions set forth in Chapter 561 of the AWM are applicable to STC projects that include parts or kits that are to be fabricated by an individual or organization other than the installer.

A Canadian STC holder is required to report any service problem experienced with their product. Therefore, should you become aware of any defect, malfunction, or failure resulting from the design change, it is your responsibility to submit a Service Difficulty Report to Transport Canada in accordance with Part V, Subpart 91 of the CARs.

If you have any questions or require additional assistance, please feel free to phone me at (416) 952-0085, or send e-mail to [sanny.chiu@tc.gc.ca](mailto:sanny.chiu@tc.gc.ca).

Yours truly,

Sanny Chiu

# Supplemental Type Certificate

This approval is issued to:

Sky Connect LLC  
40070 Cane St. #600  
Slidell, Louisiana  
United States of America 70461

**Number:** SH07-26

**Issue No.:** 2

**Approval Date:** May 02, 2007

**Issue Date:** September 03, 2009

**Responsible Office:** Ontario  
**Aircraft/Engine Type or Model:** BELL 212, 412  
**Canadian Type Certificate or Equivalent:** H-86  
**Description of Type Design Change:** Sky Connect Tracker System Installation

**Installation/Operating Data,  
Required Equipment and Limitations:**

Installation must be in accordance with Avionics Design Services Ltd. Master Drawing List MDL07023 Revision N/C, dated April 16, 2007, or later Transport Canada approved revision.

Operation must be in accordance with Avionics Design Services Ltd. Flight Manual Supplement FMS07023-1, Revision N/C, approved May 2, 2007, or later Transport Canada approved revisions.

Maintenance must be in accordance with Avionics Design Services Ltd. Instructions for Continued Airworthiness ICA07023-1 Rev. N/C, accepted May 2, 2007, or later Transport Canada accepted revisions.

Basis of certification as defined in Type Certificate Data Sheet H-86, Plus FAR 29.1529 at amdt. 29-20.

– End –

**Conditions:** This approval is only applicable to the type/model of aeronautical product specified therein. Prior to incorporating this modification, the installer shall establish that the interrelationship between this change and any other modification(s) incorporated **will not** adversely affect the airworthiness of the modified product.
